youth about their question and queries. And also promote them apart from Govt. Job do any self employment and further available scheme of Government.

6)Hunda Bali Programme :

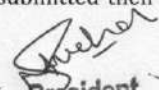

Society conduct for Honda recognizes the need to resolve environmental and energy issues. We also recognize that people around the world want sustainable prosperity. We attach the greatest importance to applying technology to the attainment of both objectives, and we recognize the enormity of the challenges ahead. We approach the future with a sense of confidence born of our past success in overcoming daunting challenges with the help of original thinking and innovation. We will continue working toward delivering on the promise of truly sustainable mobility for everyone, applying the advanced creativity that defines us and striving to be a company people throughout the world want to exist.

7) Dress distribution for poor student:

In 2011, 72 orphans and 1000 children of widows were supported through this program, Sant dnyanshwar school baliraj nagar karegaon school presient Secretary Smt. Shridevi Nandram Awchar uniforms according to the needs of each child. Under this program, we regularly monitor the attendance of children in schools and motivate the (widowed) mothers and/or guardians to attend parent- teacher meetings regularly. This day marks a celebration of the economic, social, cultural and political achievements made by women over the years. A special event was organized by the ABLE charities in honor of all women associated with the organization. The event started with special presentations by the girl child depicting "The gender discrimination in Haryana and importance of education for girl child". The students put up many cultural shows through skits, dances, songs & specially organized games programs for the widows.

Swachata abhiyan programme:

The Sant Dnyanshwar Primary School at. Baliraja Nagar Karegaon initiated the Swachh Vidyalaya Abhiyan in th its schools on 25 May 2016 by asking them to take up a programme for cleanliness. The students, teachers, parents, along with School Management Committees were encouraged to participate in this programme. 18 out of 200 schools were selected for award. A total of 350 schools have submitted their self rating report.

Seminar on vysanmukati:

Society Conduct for Chief Guest Prof. Santpure Balagoad Eragod Guidance the Vysanmukati Seminar guidance and environment Taobacco is the second major cause of death in the world. It is currently responsible for the death of one in ten adults worldwide (about 5 million deaths each year). If current smoking patterns continue, it will cause some 10 million deaths each year by 2020. Half the people that smoke today - that is about 650 million people- will eventually be killed by tobacco Acharya Sharma's eloquent explanations and scientifically tested experiments on the feasible ways of practising spirituality in daily life and on the therapies of Yagyopathy and fresh herbal medicines initiated by him - have shown significant effects on improving people's psychology and helped them come out of the clutches of tobacco, betel-leaf (paana and paana masala), cigarette (bidi) and liquor etc. No amount of medical advice, family's protest, prohibition laws, etc can have the kind of impact which spiritual treatment has.. Because, spirituality bears upon the core of the inner self which is the source and ultimate regulator of all mental tendencies and sentimental instincts - source The work of tree plantation is continuing specially at he time of annual Padyatra and under ideal village development yojna. The work of purification of the environment continues by way of Yagna. Stopping smoking can save environmental pollution. Environment day is celebrated on 5th June every year.
